

More than 29 years serving both the Mexican and International Industry with excellent quality and service.

PRODUCTS

Stainless Steel, Carbon Steel y Aluminum:

- Equipment
- Ducts
- Piping

Capital Assets:

- Atmospheric Tanks API code
- Pressure Tanks ASME code
- Autoclaves
- Hoppers and Silos
- Reactors
- Bucket Elevators
- Helicoidal Conveyors
- Air Filters
- Carbon Filters
- Sand Filters
- Softeners
- Rotary Dryers
- Industrial Bioreactors
- Dust Collectors
- Sand Dryers
- Heat Exchangers
- Process Skids
- Electrostatic Precipitators
- Distillation Columns
- Furnaces

Industrial Structure

- Light
- Medium
- Heavy

Benefits for our clients

Project Management to ensure compliance with scope thanks to:

- Personnel qualified in project management

Production Quality Assurance thanks to:

- The implementation of Quality Systems approved by ASME

Meeting delivery dates to avoid delays in your production thanks to:

- Monitoring and Controlling Work Schedule

Shop Capacity

- Working Area 3 Hectares
- Three 9m x 30m Industrial Warehouses
- 19 and 5 Ton Overhead Cranes
- 14 and 20 Ton Truck Mounted Cranes.
- Machining tools & equipment

Production Capacity

- Structure 200 Tons per month
- Ducting 70 Tons per month
- Piping 120 Tons per month
- Tanks 50 Tons per month
- (Up to 8m Ø x 30m length per part or equipment)

Materials: Carbon Steel, Stainless Steel, Titanium, Aluminum and Monel.

Finish: Commercial, Food, Sanitary and Pharmaceutical.

Specific Fabrication for industries such as:

- Cryogenic Plants
- Food Industry
- Pharmaceutical
- Mining
- Water Treatment
- Concrete Industry
- Iron & Steel
- Metallurgical
- Pulp & Paper
- Textile

CERTIFICATIONS

American Society of Mechanical Engineers (ASME)

American Institute of Steel Construction (AISC)

National Board of Boiler and Pressure Vessel (NB)

Engineering, Manufacturing of Equipment, Electrical Mechanical and Control Installations, Outsourcing, Sustainable Energy and Water Treatment Plants.

Office: Joseph Robertson No. 320 Col. Chepe Vera, Monterrey, N.L., C.P. 64030

Workshop: Golfo de México 777, Col. La Fe, San Nicolás de los Garza, N.L. México
